

### **Act 54 Administration Classes at reduced rates for SEMBOIA members:**

We are pleased to offer members of SEMBOIA a special rate for three separate administration classes. These classes offer the most convenient way to achieve your Act 54 credit hours in a new and different atmosphere.

Each of these courses have the following characteristics:

- Three credit hours approved for Administration, effective for **all registrations**
- Forty multiple-choice and true/false questions with a passing score of 70%
- Once you link to the class you may begin taking the test. You may stop at any time and return on a different day.
- All work is done online and there are no paper submittals.
- Payment is by credit card or your own PayPal account. Receipts are available at that time.
- You can view any wrong answers and see the correct answer at that time as well.
- The test is scored immediately upon completion. You may print a completion certificate for your records.
- Use the completion certificate and receipt to obtain reimbursement from your municipality if applicable.
- All classes are completed in the privacy and comfort of your own setting at your own pace.

To complete any of these classes, simply copy and paste one of these links in your browser. Have your credit card handy and let the class begin!

**18003: “Effective Administration of the Department of Building Safety”. Three credit hours: \$25.00**
